In this regard, it is submitted that Hon'ble MR's dashboard items regarding facilities to Licensed Porters (Coolie) are being coordinated by Commercial Dte. A note containing E(W)'s comments on pass facility to Licensed Porters (Coolie) has already been sent to Commercial Dte on 15.11.2018 (SN.2072).

2. For medical facility, Health Dte has offered comments that as per para 618 of IRMM-2000 (SN.04) provisions of Health Benefits to Licensed Porters, are as follows:- (Ans 8/ante)

- (1) Licensed Porters are eligible for free outdoor medical treatment for self, wife and dependent children only at Railway hospitals and health units. However, charges are levied for all laboratory, X-ray examination and other investigations.
- (2) Free medical attendance and treatment facilities as indoor patient (excluding diet) will be available in Railway hospitals only when the licensed porters grievous injuries while carrying passengers' luggage. 3. In so far Pass facility, E(W)'s comments are as follows:-

"Pursuant to the then MR's Budget Speech in 1997, the facility of one set of Complimentary 'Admn' Cheque Pass to Licensed porters for self only was allowed on complimentary basis (F/A). Generally, Complimentary 'Admn' Cheque Passes are issued only with 10-15 days validity. However, this normal validity period already stands relaxed in case of Sahayak as they are issued Complimentary 'Admn' Cheque Passes with two months validity period instead

Conc. QP1-

-10-

of 10-15 days. It has also been kept in view that Sahayak are not railway employees and are not in receipt of any salary/pension from Railways. Since, there is no employee-employer relation between them and the Railways, they are not under the purview of Disciplinary Rules of Railways which can be invoked against misuse of such passes. Accordingly, further relaxation in this regard is not feasible".

3.1. A note containing E(W)'s comments on pass facility to Licensed Porters (Coolie) ~~has~~ stands furnished to Commercial Dte on 15.11.2018 (SN.20/2).

4. As far as School facilities for wards of Licensed Porters (Coolie) is concerned, it is stated that education is a State Subject on Concurrent List and it is the responsibility of State Governments/Department of Education in the Ministry of Human Resources Development to provide schools. However, Railways in the past have provided schools purely as a welfare measure at places with concentration of Railway employees where the educational facilities provided by other agencies were either non-existent or inadequate to meet the requirements of Railway wards. Further in 1995-96, free educational facilities has been extended to the wards of Licensed Porters in the schools run by Railways and Railwaymen's Organisation/Mahila Samities.

Reference notings on pre-pages.

2. The Railways' primary objective while creating the class of licensed porters was to ensure that luggage transportation facilities are available to all train passengers at all times and at reasonable rates. To achieve this objective, the Railways decided to provide coolie (now Sahayak) services at various stations of Indian Railways and revise this number periodically in accordance with growing passenger traffic over time.

3. The Sahayaks are licensed railway porters and not an employee of the Indian Railway. He is licensed by the Railways to earn a livelihood by offering his services to railway passengers for transport of their luggage. Sahayaks are required to follow certain rules and regulations, failing which his license can be suspended or cancelled. They are also not governed by the labour laws of the country or any other act.

4. Although the Indian Railways are in noway obliged to provide monetary or other benefits to Sahayaks, they have been offered following facilities purely as a goodwill gesture:-

- Complimentary check pass for self in second/sleeper class from station of work to any station in India and back annually;
- One set of Privilege Ticket Order (PTO) in second/sleeper class for self and spouse from station of work to any station in India and back (granted annually).
- Medical facilities for outdoor treatment of self, spouse and dependent children at Railway hospitals, in case such exist at station.
- Sahayaks children admitted in Railway schools wherever these exist subject to availability of seats in these institutions, run by Railway Mahilla Samiti and Railway Welfare organizations;
- Two sets of summer uniform or one summer, one winter uniform (alternate year);
- Free use of Railway's light trolley and hand barrow for carriage of luggage;
- Free use of waiting halls, latrines, canteens provided at stations and in some cases a coolie rest house; and
- Transfer of licenses to dependents/near relatives

5. The latest position on the above was obtained from the concerned directorates and the same is summarised as under:-

at Rly Hospitals have been proposed. At present they are given outdoor medical facilities besides restrictive indoor facilities. The proposal is stated to have approx 2.26 crores annual implication.

On humanitarian ground it appears to be acceptable and a welcome proposition. However, it is also brought out that they might claim regular Rly employees once Medical cards are issued in their favour /in favour of their spouses. Moreover, medical facility after demise of Sahayaks to their widows also needs to be thought off. and a Considered view taken.

(B) The above proposal is agreed to with a suggestion to issue detailed guidelines safeguarding Rly's interest
